Unique Entity Identifier (UEI) Guidance

On April 4th, 2022, the <u>US federal government will stop using the DUNS number</u> to businesses and organizations designated as uniquely identify entities. At that point, businesses and organizations who receive (or want to receive) funding from the US government are required to use a Unique Entity Identifier (UEI) created in SAM.gov instead of a DUNS number. All <u>new</u> (international and local) subcontracts/subawards/grants that previously required a DUNS (any subcontract equal to or above \$30,000 and typically any subaward/grant equal to or above \$25,000) will need a UEI number instead of a DUNS.

How does the Subcontractor/Subawardee/Grantee obtain a UEI number?

There are a few scenarios here:

- If the Subcontractor/Subawardee/Grantee is registered in SAM.gov today: the Subcontractor/Subawardee/Grantee's UEI is already assigned and is viewable in SAM.gov. This includes inactive registrations. The UEI is currently located **below** the DUNS Number on the entity registration record. Remember, the subcontractor/subawardee/grantee must be signed in to their SAM.gov account to view entity records. The easiest way to find the UEI is to:
 - Log in to SAM.gov.
 - In the Subcontractor Workspace, the Subcontractor/Subawardee/Grantee will select the numbered bubble above Active in the Entity Management widget.
